## New Year's Resolution for your pets

Every year we sit down to make a list. This list may include losing weight, finding the perfect hobby or even just trying to be a good person. Let's revise this list a little to fit in our best friend, our pets. Every year pets are put down due to issues with health or aggression. Be a part of the solution and take these proactive steps to ensure a comfortable future for you and your pet.

1. I will keep my pets vaccinations and wellness checkups up to date.
2. I will keep my pet healthy and improve their personal hygiene by setting up a regular schedule for baths and even brushing my pets teeth. (yep, they need their teeth brushed, too.)
3. I will dedicate time to my pet for physical activity including walks to the park, provided by myself or my pet sitter, if I am unavailable. (A tired dog, makes for a happy dog.)
4. I will pet-proof my home to avoid contact with any hazardous material.
5. I will be the strong leader that my pet needs and teach them proper manners when dealing with family, relatives and guests. (A strong leader provides your pet with the confidence needed to lead a fulfilling life.)

Now, enjoy your healthy and happy pet.

## Power Pet Sitter

Comfy Cozy Critters has updated it's client management software and is now running powerpetsitter. This is an online database which allows our clients to sign in, change their personal information, pet's information and the schedule visits with their pet sitter. All that is needed is an active email account. We are excited about this upgrade and hope you

will be as well.

Why should you be excited?

Well, perhaps you can't remember if you instructed your pet sitter how much to feed "Fido". This system allows you to login and check all the information your sitter has about your pets. You can also add notes to specific days of your scheduled services. Also, Pet photos can be uploaded for your sitters reference.

Powerpetsitter, is a great part of Comfy Cozy Critters goal of being environmentally friendly. With Powerpetsitter, your sitter can view your information anywhere there is a Wifi spot with their PDA or Blackberry. Wireless communication of this information reduces the amount of paper used to run business efficiently.

If you are a current client and would like to receive your username and password to access your profile, please send an email to your pet sitter.

The newest edition of Pet Owner's WORLD (P.O.W.) is now available electronically, for the first time. The P.O.W. contains informative feature articles and pet-care tips that are geared toward educating pet owners to raise healthy, happy pets. It also emphasizes the important role pet sitters can play in this and provides information to help pet owners who don't have a PSI pet sitter to find the right pet sitter for their companion animals.

The 2008 edition of PSI's Pet Owner's WORLD is brought to you by your friends here at Comfy Cozy Critters
